MIAMI-DADE COUNTY EMERGENCY NOTIFICATION

The FIU Disaster Response Tracker is a tool used by Miami-Dade County Emergency Management's Business

RSF Economic

This RSF operates in the Recovery Operations Center and acts as the private sector advocate and also directs and coordinates the delivery of programs and resources to the private sector to promote recovery after an emergency and/or disaster.

RSF Economic Cont..

This RSF includes some of the following partners:

- Miami-Dade Regulatory and Economic Resources
- FIU Small Business Development Center
- Beacon Council
- Miami-Dade Internal Services Department
- Career Source South Florida

RSF Economic Cont..

During the recovery phase this RSF will coordinate the following activities:

- Small Business Administration Disaster Loan Programs
- State of Florida Emergency Bridge Loans
- Economic Redevelopment Post-Disaster Planning
- Workforce Retention

Grant Outcomes

- As part of the Coastal States Stewardship Foundation Grant one of our projects was the revision to our Recovery Plan.
- The Recovery Plan runs parallel to our Comprehensive Emergency Management Plan and is designed to be activated and function during the intermediate and long-term phases of recovery. This plan is composed of several volumes, which are:
 - Volume 1: Base Plan
 - Volume 2: Recovery Support Functions
 - Volume 3: Cost Recovery Guide
 - Volume 4: Post-Disaster Redevelopment Plan

Grant Outcomes

- This grant has allowed us to hire a contractor to revise Volumes 1, 2 and 3.
- We are planning an exercise to test these revised sections in the next several months.

Alliance for Response- South Florida

The Alliance for Response (AFR) – South Florida is dedicated to building a partnership between the art and cultural community and the first responder and emergency management community in South Florida. The goals of the Alliance are:

- This partnership is meant to enhance cooperation and understanding before the next emergency and/or disaster.
- To provide preparedness and outreach opportunities for both the art and cultural community, the first responders and the emergency management community.
- Develop a robust incident command structure for the Alliance to respond to large-scale emergencies and disasters.

Alliance for Response- South Florida Cont..

The Alliance consists of a number of different art and cultural institutions. Some of the member institutions include:

- Miami-Dade County Cultural Affairs Department
- Wolfsonian-FIU
- Vizcaya Museum & Gardens
- Zoo Miami
- Florida Connecting to Collection/Florida Association of Museums
- University of Miami
- Florida International University

Alliance for Response- South Florida Cont..

The Alliance for Response-Miami website is regularly updated to reflect our current activities. Please visit our website at:

<http://www.heritageemergency.org/initiatives/alliance-for-response/networks/miami/>

We also maintain two social media pages. Through these pages we regularly share preparedness tips, upcoming training and member events and activities. These pages are:

- Facebook: <https://www.facebook.com/AFRSFlorida/>
- Twitter: <https://twitter.com/afrsflorida>

Business Preparedness Survey

- Miami-Dade County OEM is currently working with Integrated Systems Consultants to survey the businesses in the County.
- The goal of this survey is to assess their overall preparedness for the hazards that affect the county.
- All businesses (private and nonprofits) operating in Miami-Dade County are invited to complete this survey. This includes small, medium, and large businesses.

Business Preparedness Survey Cont..

- The survey is currently in process, it will involve working with our chamber of commerce's, businesses who are vendors to the county and a random sampling of businesses throughout the county.
- The survey is available in English, Spanish and Creole and is available at: www.md-ready.org/survey
