

ENGINEER II – CHIEF SUSTAINABILITY AND RESILIENCY OFFICER UTILITIES/ENGINEERING

Weekly Salary Range: \$1,467.10 - \$ 2,739.17 DOQ

Closing Date: February 4, 2025 at 5:00 p.m.

PURPOSE OF CLASSIFICATION

The purpose of this classification is to provide a lead staff person responsible for development and implementation of the City's resilience strategy as well as managing the City's water conservation program. The Chief Sustainability and Resiliency Officer - Engineer II (CSRO) articulates a compelling vision for community resilience and conservation and effectively coordinates with City government staff and stakeholders in the community to achieve progress toward that vision. The CSRO directly oversees implementation of high-priority resilience projects, including securing funding for resilience initiatives, managing project budgets, formulating work plans, and monitoring and reporting progress. To enhance multi-departmental coordination and to integrate resilience initiatives throughout City operations, the CSRO works closely with Planning, Permits & Licensing, all divisions within the Utilities and Public Works Departments and other supporting departments throughout the city. The CSRO shall be a Professional Engineer that provides professional engineering skills, judgement, and knowledge related to the planning, design and construction of projects and related matters for the City. This position is a technical position which reports directly to the Utilities Director. This position will require time and effort both in the field and in the office. Excellent leadership and interpersonal skills are required to accomplish the tasks of the CSRO.

MINIMUM QUALIFICATIONS (Education, Training, and Experience)

Bachelor's degree in environmental or civil engineering or related field required. A minimum of three (3) to five (5) years of experience or an equivalent combination of related graduate-level education and experience. Experience in project management, grant acquisition and administration, sea level rise, resiliency projects/programs or related activities is preferred.

SPECIAL REQUIREMENTS

Requires registration as a State of Florida Professional Engineer. Possession of valid Florida Driver's License.

ALL APPLICANTS INCLUDING CITY EMPLOYEES, MUST APPLY BY USING THE CITY OF DAYTONA BEACH CAREER PORTAL
