SCDRP 11th Annual Meeting

Bridging Science and Society

Turning Data into Action

SCDRP is a program of the **Southeast Coastal Ocean Observing Regional Association (SECOORA)**. SECOORA is a registered 501(c)(3) non-profit organization.

The SCDRP 11th Annual Meeting is a one-of-a-kind convening of multi-sector resilience and emergency management professionals from across the Southeast & Caribbean.

Turning Data into Action

The SCDRP 11th Annual Meeting will focus on how to turn data and research on extreme weather, climate, natural disasters, and their cascading effects into actionable pathways to more resilient communities in the Southeast and Caribbean.

WHAT DO PEOPLE SAY ABOUT SCDRP ANNUAL MEETINGS?

“I enjoyed the whole meeting and did not find a session unhelpful.”

“Great learning thanks to the impressive content of the meeting panels and presentations.”

“The SCDRP provides singular convening of a diversity of our coastal partners in one place. It is one of the best venues to meet up, listen to and network with the invaluable input from those that live and work the closest to the SE/C coasts. Bringing together local, county, university, and NGO communities in one location is exceptional. A one stop shop for us to gather with multiple perspectives and hear successes and challenges that need sharing and addressing.”
